Important Update:

At Macquarie Community College we are always looking for ways to make your learning experience better and easier.

To keep things simple and transparent, we've made a few updates to our course fees.

Course Fee Increase: The slight increase in course fees ensures we can continue to invest in maintaining high-quality programs, updating resources, supporting skilled educators, and improving the overall student experience. This adjustment allows us to deliver the exceptional learning opportunities you value.

No More Card Fees! We've removed merchant fees for card transactions, so there's no extra charge when you pay by card. These changes help us continue delivering great programs while keeping things fair and straightforward for you.

Thank you for being part of our learning community. We are excited to support you on your journey and "Never Stop Learning".

GET THE SKILLS YOU NEED TO GET THE JOB YOU WANT!

Macquarie Community College, a leading provider of adult education since 1950, can help you take the first step in getting the career you have always wanted.

We offer accredited courses from **Pathways** and **Skill Sets** to **Certificate** and **Diploma** qualifications. Training can be tailored to the workplace in accordance with the training packages.

Student Success Stories

Loris Youssef

Starting Over with Macquarie Community College: Loris's Aged Care Journey

Loris arrived in Australia in 2022 after facing difficult circumstances that forced her to leave Syria. Back home, she worked as a mechanical engineer. However, in Australia, she needed to start fresh and choose a new career path.

Loris began her aged care journey with the "Entry into Care Role Skillset" being delivered by Macquarie Community College in partnership with Settlement Services International.

Studying wasn't easy for Loris. English was not her first language, and she didn't have a computer to complete her assignments. But with the support of Macquarie Community College trainers — Leila Kaawi, Karen Hogan, and Heather Hill — Loris gained the confidence and skills she needed to move forward.

"My trainers were very helpful! I do appreciate all of them for standing by me".

The NSW Government's Adult and Community Education (ACE) Program provides affordable, local training and education to NSW communities. Under the ACE program, participants, employers, delivery partners and providers and government collaborate to improve learning outcomes for learners and meet community training needs.

Through the ACE Program funding, Loris was eligible to study the Entry into Care Role Skillset. This enabled Loris to pathway to the CHC33021 Certificate III in Individual Support (Ageing and Disability) under the NSW Smart and Skilled funding. Loris successfully completed her Cert III gaining the essential skills and knowledge needed to provide quality care for seniors and people living with disabilities.

"I am committed to providing excellent and professional care for the elderly people," says Loris.

With this guidance, Loris has already applied for several positions and feels optimistic about securing a role soon.

At the start of 2025, Loris enrolled in the CHC43121 Certificate IV in Disability Support, continuing her journey of learning and growth and being ready to work in aged care sector.

Shaista Nasreen

Building a Future in Child Care: Shaista's Inspiring Journey

When Shaista Nasreen moved to Australia from Pakistan in 2019, her life took a significant turn — both personally and professionally. Transitioning to life in a new country presented unexpected challenges that would reshape her child care career path and future aspirations.

Determined to overcome her language barrier, Shaista sought an opportunity to engage more actively in her new community. After researching various educational institutes, she enrolled into CHC30121 Certificate III in Early Childhood Education and Care at Macquarie Community College.

"I was nervous about interacting with new people and managing my studies," Shaista admits. "But the support I received from my trainers made all the difference. Their encouragement helped me build confidence in my communication skills."

The journey wasn't without its hurdles. Balancing her studies with the demands of being a new mother presented its challenges. Shaista had her first child in 2020 and later welcomed her second daughter while pursuing her CHC50121 Diploma of Early Childhood Education and Care. Despite these responsibilities, she persevered with the unwavering support of her husband and the guidance of trainers.

Throughout her studies at Macquarie Community College, Shaista gained a wealth of knowledge about early childhood education and its profound impact on children's lives.

She learned the importance of the Early Years Learning Framework and developmental milestones; different strategies for managing children's behaviour and creating age-appropriate learning experiences. How to provide additional support to children with special needs and the significance of observation and planning to enhance children's learning.

"Now, I understand policies and procedures, and I am aware of my role as a mandatory reporter, always prioritising children's safety," Shaista explains. "These skills have made me a more confident educator — and even more confident mother."

Tutor Spotlight

Lachlan Baines

Hospitality Trainer at Macquarie Community College.

Lachlan's journey began over 14 years ago and for the past 4 years, he has been sharing his expertise as a Hospitality and Barista Trainer.

Now, as a proud trainer at Macquarie Community College, Lachlan continues to inspire the next generation of Hospitality professionals.

A Passion for Hospitality & Teaching

After living abroad and working in various hospitality roles, Lachlan returned to Australia, ready to try his hand at teaching. He became a Food & Beverage Instructor at Torrens University, and after four years, he decided to move closer to home.

Macquarie Community College offered him the perfect opportunity to immerse himself in the local community and inspire new students.

Why Teaching Hospitality and Barista Matters

For Lachlan, teaching is about more than just skills—it's about creating memorable moments for his students:

"I love sharing my knowledge and passion with people. There's nothing quite like that lightbulb moment when a student learns something new," he says.

Such approaches make the courses at Macquarie Community College truly special. Whether it's helping students master the art of making espresso coffee or guiding them through the basics, Lachlan takes pride in every success.

Building Life Skills

At Macquarie Community College, the **Hospitality courses** are designed for anyone looking to develop both life skills and professional capabilities.

"This sector is very much about building connections with people," Lachlan explains. Whether you're returning to the workforce or starting a new career, this course equips you with the confidence and skills you need to thrive in a fast-paced, rewarding industry.

Our Students Testimonial

“ Fiona

Thank you for all your teaching and advice during the recent Employment Readiness course. I really feel attending the course has been beneficial in a number of ways, especially as regards my resume and interview skills and LinkedIn profile.

Thank you for your patience and the welcoming atmosphere you created in the classroom. I am looking forward to using what I have learned during the course in my job search.

“ Shaista

If you want a stress-free, supportive learning environment where you'll gain both personal and professional growth, Macquarie Community College is the best choice. The trainers are always encouraging, and the experience is truly enjoyable. I would highly recommend it to my friends and anyone ready to start a new journey.

“ Jane

The facility and the teachers are THE BEST in their craft of teaching, very knowledgeable, experienced and very helpful, going out of their way to help the students to complete the course.

“ JUSDYS

Very knowledgeable trainer. Professional and informative.

“ Serena

Tutors and the whole team behind is very helpful and supportive. I could have not asked for a better place where to do my studies.

“ Ryan

I find the Career Development - Employment Readiness Program to be very useful. It has a clear structure that breaks the job hunting endeavour into smaller 'digestible' steps, and each workshop pushes us forward and one step closer to becoming 'job ready'.

I personally find the Mock Interview Workshop to be particularly useful, in that it provides a simulation of an actual interview, which helped me feel more confident and less nervous in an actual interview.

Also physically attending the workshops with other job seekers gives a sense of community, and a realisation that job seeking is a process that is inevitable but certainly achievable.

Foreign Languages

Finding your level

Foreign Languages

We have simplified the structure of our foreign language courses. This has been done based on feedback from tutors and students and with the aim of offering a more regular and consistent offering across each language and location. The previously offered 10 levels have been restricted to 4 levels – Introduction, Beginners, Intermediate and Advanced.

The introduction courses are designed as a one course only starting point for new students, but the other levels allow for students to continue until they reach the required competency to progress. The time to develop this competency will vary between students but as a guide 2 to 4 terms is often required. Continuing students should discuss with the tutor when they are ready to progress to the next level and new students with a prior background in the

language should contact the college to be assessed and placed into the correct class.

Introduction (previously Level 1)

This level is for students with little or no experience in the language. Classes will be conducted in English and students will learn greetings, basic vocabulary and some simple aspects of conversation. These courses will suit students starting out in the study of the language or just looking for some basics of the language for travel, work or social situations.

Beginners (previously Levels 2 and 3)

This level will provide the next step for students that have completed the Introduction course or have a basic knowledge of the language from previous study, travel or other exposure. Classes will be conducted in English but some basic conversations

in the chosen language will be introduced.

Intermediate (previously Levels 4 and 5)

Students should have the capacity to conduct a simple conversation using basic language. This may have been obtained through the completion of the Beginners level or other study. Classes will increasingly be delivered in the language being learnt and focus will be on more complex vocabulary, grammar, reading and writing.

Advanced (previously Level 6 and above)

Courses at this level are largely conducted in the chosen language. Students should be capable of holding a simple conversation or follow a conversation between fluent speakers. A basic understanding of reading, writing and grammar will be further developed at this level.
